20 April 1981

TAT ATTENTION: FROM: Chief, Special Security Center SUBJECT: System Manager for the 4C System 1. As you are aware, the implementation planning for the 4C System requires, inter alia, the rotational assignment to an OS supplied slot of a GS-13 from ODP to act as System Manager. The 4C team leader, suggests it would be appropriate for OS to initiate action with ODP at this point in the hope of having the nominee for the post sele between October 1981, in any event no later than January 1982. 2. I am not familiar with the protocol or administrative procedures called for in this matter but stand ready to discuss it with you and/or OS Personnel. [AT] cc: DD/P&M
